OUR HISTORY

On April 16, 2003, then-municipal mayor Proceso D. Aguillo signed Municipal Ordinance No. 2003-059, "Ordinance Establishing the Pamantasan ng Cabuyao (University of Cabuyao) and Other Purposes," creating the Pamantasan ng Cabuyao (PnC). The institution began offering classes in business administration, information technology, education, nursing, and midwifery in June 2003.

Before the Pamantasan ng Cabuyao was founded, the Laguna State Polytechnic University (LSPU) had a satellite campus at the Cabuyao National High School. A memorandum of understanding between the mayor of Cabuyao Municipality and the LSPU president served as the basis for the LSPU's operations. The LSPC-Cabuyao Campus began its operation in 1993 and ended on March 31, 2003.

In the latter half of 2002, faculty and students at LSPC protested against the LSPC president's leadership. With the support of the majority of students, who were mostly Cabuyeños, the protest was found by the Sangguniang Bayan of Cabuyao to be true and based on facts. It caused the memorandum of agreement to be terminated, and the only option left to the mayor's administration was to establish Cabuyao Community College.

Dangal ng Bayan.
bringing pride and honor to the nation.

In light of the anticipated closure of LSPC-Cabuyao, faculty members under the leadership of Charlemagne Lavina and Frank Parao aided the mayor's office and advised them that the Pamantasan ng Lungsod ng Maynila (PLM) is the model school for local colleges. Dr. Benjamin Tayabas, who was president of PLM at the time, helped the town of Cabuyao and personally oversaw the establishment of the institution. He recommended calling it Pamantasan ng Cabuyao. Municipal Ordinance No. 2003-059 was enacted by the Sanguniang Bayan on April 15, 2003. The following day, Mayor Proceso D. Aguillo gave his approval to the same.

Pamantasan ng Cabuyao was personally inaugurated by no less than President Gloria Macapagal Arroyo on June 19, 2003 on the occasion of the 107th birthday of Dr. Jose Rizal and officially started its operations on July 31, 2003, the birthday of its founding mayor.

In 2017, the university received its Commission on Higher Education (CHED) Institutional Recognition, becoming one of the few local colleges and universities (LCUs) to receive such recognition. The university was awarded by the Duterte Administration the right to avail of the FREE COLLEGE EDUCATION or the Universal Access to Quality Tertiary Education (UNIFAST) under the Republic Act 10931 – becoming one of the 76 LCUs in the country to be given such right to free education in 2019.

To date, PnC has been awarded by ALCUCOA with twelve (12) Level 2 and two (2) Level 1 programs. The higher level of accreditation is a testament to the university's commitment to providing free quality education, especially to its talented marginalized student populace. Today, PnC is one of the few leading local colleges and universities in the Philippines with level 2 accredited programs. The university produced topnotchers in the fields of education, nursing, and engineering.

Forward-looking, PnC envisions itself becoming the premier leading local university in Region IV by further elevating its academic standards, thereby producing value-laden and globally competent graduates and continuously striving for improvement in quality services in instruction, research, and extension.

PnC commits itself to the holistic education of every "Dangal ng Bayan", thereby producing graduates that bring pride and honor to the nation.

iii. All teaching personnel are given 10 days to check their students' class standing and process or encode the grades.

iv. For graduating

- The schedule of final examinations for graduating students is one week ahead of the schedule for non-graduating. Before the final exam, a copy of the list of candidates for graduation will be given by the Office of the University Registrar to the different academic offices to serve as guide for their respective teaching personnel.
- All graduating students enrolled in graduating or non-graduating sections must be given the final examinations on the dates scheduled by the Office of the University Registrar.
- Non-graduating students enrolled in courses/sections for graduating students are also required to take the final exam on the dates scheduled for graduating students.
- Grades of all graduating students must be encoded on the dates scheduled by the Office of the University Registrar, which is in 10 days as reflected in the school calendar.

bringing pride and honor to the nation.

- None, reason is found to be valid.

l. In case a teaching personnel failed to encode his/her students' grades during the scheduled dates and the system has already been locked, the teaching personnel must request for unlocking of account to the Office of the University Registrar using PNC:AA-FO-64.

m. Computerized cards (Copy of Grades) can be viewed by the students within two weeks after the iGrade system has been locked. In case of clerical errors or incorrect addition of points or error in transcribing of grades, it shall be corrected within the same periodical period.

n. Request for Change of Grades. The request for a change of grade is a serious matter that affects not only the students but also the credibility of the institution. Thus, the following guidelines must be observed and complied with:

- Grades duly signed and submitted are considered final and permanent. However, if the teaching personnel requests a grade change, the only valid reason for such a request is when it is the teacher's fault. Any other reasons will not be accepted. Likewise, a student questioning his/her grade is insufficient grounds for changing the grade.
- The request for a grade change must undergo a thorough evaluation and is subject to the President's final approval.
- The teaching personnel requesting the change of grade must also submit a notarized affidavit and admission/ declaration of his/her error. This affidavit will prove the teacher's accountability for the error.
- A reprimand letter from the College Dean shall be given to the teacher duly noted by the Vice President for Academic Affairs, copy furnished the Human Resource Management Department and must be attached to the request letter.
- The teaching personnel must sign the letter request for a change of grade recommended by the Dean and the Vice President for Academic Affairs, and approved by the University President.
- Grades in the Final Rating Sheet shall be deemed final and official once signed by the teaching personnel, checked and verified by the Dean and approved by the Vice President for Academic Affairs.

o. Students are permitted to appeal to the Dean for a review of grade in case of disputes that cannot be resolved with the teaching personnel. Grades are not changed without first consulting the teaching personnel and obtaining the approval of the dean. The Dean will only authorize adjustment of grade given the following conditions:

- when there is a compelling evidence that the teaching personnel acted out of hostility toward the student; or
- the student's grade is clearly out of line with those of other students in the same course who produced work of similar quality.

p. In the absence of such evidence, the Dean will respect the judgment of the teaching personnel.

q. Grades in the Final Rating Sheet shall be deemed final and official once signed by the teaching personnel and the Dean.

2. Senior High School Grading System

a. The K to 12 Basic Education Program uses a standard- and competency-based grading system. All grades will be based on the weighted raw score of the learner's summative assessments.

b. A final grade of 75% is necessary for the subject to be considered passed and/or for the units to be credited. The lowest grade that can appear on the report card is 60 for quarterly and final grades.

c. The sum for each component is converted to the Percentage Score (PS). To compute the Percentage Score (PS), divide the

raw score by the highest possible score then multiply the quotient by 100%. The formula is shown below:

$$\text{Percentage Score (PS)} = \frac{\text{Learner's total raw score}}{\text{Highest possible score}} \times 100\%$$

d. Percentage Scores are then converted to Weighted Scores. To do this, the Percentage Score is multiplied by the weight of the component. The product is known as the Weighted Score (WS), expressed in the formula below:

Weighted Score (WS) = Percentage Score x Weight of Component

e. The sum of the Weighted Scores in each component is the Initial Grade. This initial grade will be transmuted using the transmutation table to get the Quarterly Grades (QG).

f. The Quarterly Grade for each learning area is indicated in the report card of the student.

g. The weight of the components shall be as follows:

Components	**Core Subjects**	***Academic Track***		**TechVoc Track**
		All other subjects	Work Immersion, Research, Business Enterprise, Simulation, Exhibit and Performance	All other Subjects and Work Immersion/ Research/ Exhibit and Performance
Written Work	25%	25%	35%	20%
Performance Tasks (PT)	50%	45%	40%	60%
Quarterly Assessments (QA)	25%	30%	25%	20%

h. Effective AY 2020-2021, the following weight of the components shall be observed unless revoked by the Department of Education.

Components	**Core Subjects**	***Academic Track***		**TechVoc Track**
		All other subjects	Work Immersion, Research, Business Enterprise, Simulation, Exhibit and Performance	All other Subjects and Work Immersion/ Research/ Exhibit and Performance
Written Work	40%	40%	50%	30%
Performance Tasks (PT)	60%	60%	50%	70%

i. The formula for computing the Quarterly Average is

$$\text{QA} = \frac{\sum \text{quarterly grades}}{\text{Total no. of subjects}}$$

j. There shall be four grading periods. The final semestral grade (FSG) per subject shall be the average of two quarterly grades in a semester of each subject. The computation shall be:

$$\text{FSG} = \frac{\text{Q1 (grade per subject)} + \text{Q2 (grade per subject)}}{2}$$

k. The formula for computing the Final Semestral Average (FSA) is

$$\text{FSA} = \frac{\sum \text{final semestral grades}}{\text{Total no. of subject}}$$

l. The formula for computing the General Average (GA) is

$$\text{GA} = \frac{\text{FSA (1st Sem)} + \text{FSA (2nd Sem)}}{2}$$

m. The Final Grade in each learning areas and the quarterly/ general average are rounded off to the nearest whole number.

n. The grading scale, with its corresponding descriptions is shown in the table below:

Grading Scale	Descriptors	Remarks
90-100	Outstanding	Passed
85-89	Very Satisfactory	Passed
80-84	Satisfactory	Passed
75-79	Fairly Satisfactory	Passed
Below 75	Did not meet expectations	Failed

o. Conduct Ratings/Observed Values is based on the criteria and manifestations, which can be found in the succeeding pages.

p. The quarterly conduct grade (CG) is obtained by the sum of the conduct grades determined by the subject teachers and the adviser using the following formula:

Quarterly CG = 70% (average of subject teachers) CG + 30% (advisers CG)

q. Marking for the Conduct/Observed Values

Grading Scale	Codes	Descriptors
90-100	AO	Always Observed
80-89	SO	Sometimes Observed
75-79	RO	Rarely Obseved
Below 75	NO	Not Observed

In cases where the core values cannot be assessed due to limitations on observing students, grading of the same shall be forego per advice by the Department of Education.

r. A student who receives a final grade below 74 in any subject must be given intervention through remedial classes at least one week after the release of the final copy of grades.

s. The computation of the components is the same as the computation for quarterly grades, the final result of which shall be based on the formula below:

$$\text{Recomputed Final Grade (RFG)} = \frac{\text{Final Grade + Remedial Class Mark (RCM)}}{2}$$

t. A Certificate of Recomputed Grade (RFG) (PNC:AA-FO-66) shall be submitted by the subject teacher concerned to the Office of the University Registrar, reviewed by the Strand Coordinator and noted by the Principal, at least three working days after the last day of remedial classes. The said certificate shall be attached to the student's SF10 and to the Reports on Promotion.
